

## ANOTHER STAKE

Bisbee Merchants Guarantee  
Third Stake for Territorial  
Fair Horse Races.

LOVING CUP FOR THE  
CHAMPION DRILLERS.

Bisbee Team of Melvor and  
Ross First Names to Be In-  
scribed Thereon—Cup Will  
Be Exhibited Here Soon.

Bisbee merchants have guaranteed a third stake for the horse race pur-  
ses at the next territorial fair to be  
held at Phoenix during the coming  
winter. Hon. B. A. Packard, who was  
in the city yesterday, interviewed a  
number of the city's leading mer-  
chants with the above result.

This makes the third stake that Bis-  
bee has guaranteed. The mining men  
of the city first guaranteed the famous  
Bisbee stake, which was the feature  
of last year's racing. Recently the  
backers of the city guaranteed an-  
other \$1000 and now Bisbee comes  
forward through her merchants and  
tells the fair association that if the  
money is needed, Bisbee may be cal-  
led upon for a total of \$3000.

Phoenix and Bisbee now lead the  
cities of the territory in purses guar-  
anteed at the fair. Phoenix recently  
made her third donation, and, not to  
be outdone, Bisbee has come forward  
with her little mite.

The amounts to be hung up for  
horse racing at the coming winter  
carnival at Phoenix will easily double  
the purses raced for last year. And  
the racing program will be longer by  
far, with a quality of racing that has  
never been seen within the confines  
of the territory.

Prominent horsemen, realizing the  
advantages of wintering their speedy  
animals at Phoenix, have promised  
to come there in time for the fair if  
purses of sufficiently large amounts  
were put up as an incentive. Eastern  
turf followers will certainly have no  
scruples financially about coming to  
Phoenix this year, for it is the in-  
tention of the fair association to hang  
up purses that will rival those put up  
by eastern tracks.

Hon. B. A. Packard, who spent yester-  
day in the city, representing the  
fair commissioners, of which he is a  
member, had the following to say in  
regard to the plans of the fair man-  
agement:

"This year's fair will so far excel  
that of last year that there will be  
no comparison. While we heard many  
remarks of a complimentary nature  
about the program rendered last year,  
we do not intend to stop in our  
tracks, but on the contrary will do  
our utmost to advance the quality  
of attractions till we have succeeded  
in getting a class of exhibitions, both  
on track and in the paddock, that will  
adversely Arizona far and wide and  
bring into our midst the leading horse-  
men and stock fanciers of the coun-  
try. We have all the advantages of  
an equable climate and the fastest  
track in the west today. We are,  
therefore, entitled to the winter trade  
of the track followers who have been  
going south in search of milder cli-  
mate in which to keep their racing  
stock in condition.

"We will pay particular attention  
to the drilling this year, and it will  
be the aim of the fair association to  
foster the public in as clean and attractive  
a condition as it is possible to make  
it. Drilling is today about the clean-  
est of outdoor sports and its home  
is in this country, the country of  
mines and minerals. The committee  
having the drilling matches in charge  
have been instructed to go ahead on  
these lines and you may be sure that  
no expense will be spared to make  
Arizona the future home of drilling.

"Elegant gold and silver cups have  
been made and will be presented to  
the winners of both double and single-  
hand contests. It may be of interest  
to you Bisbee people to know that the  
first names to be inscribed on the  
double-hand cup will be those of the  
Bisbee team, Melvor and Ross, who  
so handsomely won last year's contest.

"The cups will be on exhibition in  
Bisbee in a few days at one of your  
local establishments.

"The conditions covering the ulti-  
mate ownership of these cups, which  
will carry with them the champion-  
ship of the Southwest, are those  
winners of the contests shall  
have won first in their respective  
events three times before becoming  
the possessors of them. They are  
artistically engraved in appropriate  
figures to represent the sport, while  
across the bowl is inscribed 'Cham-  
pions of the Southwest.'

Mr. Packard left last evening, jovial  
over his successful visit to Bisbee  
in getting the support of Bisbee mer-  
chants to the racing purses.

"I cannot help being particularly  
elated at the way Bisbee has so read-  
ily come to the support of the fair  
association," said Mr. Packard before  
leaving. "My long residence in Co-  
chise county naturally leads me to  
feel a pride in all that is done here  
for the general good of the territory  
at large. I feel as if I owe my per-  
sonal thanks to Cochise for the part  
it is playing in making a success of  
our fairs which can have no other re-  
sult than the ultimate benefit of the  
entire territory."

WAS AN ERROR

IN CLOSING HOUR.  
A typographical error in the Cop-

last evening's Miner stating that the  
store would close on Saturday after-  
noon at 4 o'clock should have read that  
the sale of men's underwear adver-  
tised would close at 4 p. m. The store  
will close at the usual hour.

## HOUSEWARMING AT NEW CITY HALL

ONE HUNDRED COUPLES ATTRACTED TO QUARTERS ON  
OCCASION OF FORMAL DEDICATION OF HOME OF  
BISBEE'S FIRE DEPARTMENT MAKE A PRETTY  
SCENE INDEED.

One hundred invited couples, together with the city council of  
Bisbee as the guests of honor, gathered at the quarters of the  
Bisbee fire department in the new city hall last night and joined  
in the dedication of the new home of the fire ladders.

Whirling from room to room and to hallway and back to room  
again, the dancers, as they gyrated to the rhythmic strains of  
music furnished by Newman's matchless orchestra, presented a scene  
at once pretty and pleasing to the sight.

Bisbee was there in all her democracy. And why not? The  
fire fighters are chosen from among the rank and file of the city—  
from Bisbee's leading merchants to her men who delve in the  
mines, and the cosmopolitan throng that filled the three rooms of  
the fire department overflowed into the hallways and into the busi-  
ness quarters of the city. Yet there was no feeling of con-  
gestion, so carefully did the arrangement committee plan the even-  
ing's program.

The musical program was of the best that Bisbee talent could  
produce. Its numbers being interspersed by selections by that in-  
comparable virtuoso, Sam Newman, the cowboy violinist, and Prof.  
Bass, whose piano selections completely carried away his apprecia-  
tive audience.

After the evening had been whiled with dancing, refreshments  
were served by Theo Metz, under the direction of the committee,  
composed of Assistant Fire Chief Sam Frankenberg, N. F. D. Nich-  
ols and A. M. Sinclair.

Members of the fire department took pleasure in showing about  
the elegant quarters that are now the home of the fire companies  
those of the guests who took interest in the building and its ap-  
pointments.

On the first floor, where the paid fire department will have its  
equipment headquarters, are stalls for the horses, a spacious floor  
of cement making for sanitary conditions second to none.

But it is the upper floor that the firemen take especial pride  
in. Three rooms, with bath and lavatories, constitute what will  
quartermen the paid men of the department, and the arrangement  
of the rooms was the talk of much favorable comment on the part  
of all present.

When Bisbee firemen again hold their receptions, they may  
safely count on not only the presence of those who accepted last  
night's invitation, but to a city full of feast-loving people who  
last night took note of the hospitality of the department.

Those present received a very pretty souvenir in the shape  
of a ribbon, on which is inscribed: "Souvenir Bisbee Fire De-  
partment Housewarming, Thursday Evening, June 28th, 1906," sur-  
mounted with a miniature fire helmet in nickel.

It was nearly midnight when the guests dispersed to the strains  
of "We Won't Go Home Till Morning."

## TUMORS CONQUERED

SERIOUS OPERATIONS AVOIDED.

Unqualified Success of Lydia E. Pink-  
ham's Vegetable Compound in the  
Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia  
E. Pinkham's Vegetable Compound is  
the conquering of woman's dread en-  
emy, Tumor.

The growth of a tumor is so slow that  
frequently its presence is not suspected  
until it is far advanced.

So-called "wandering pains" may  
come from its early stages, or the  
presence of danger may be made mani-  
fest by profuse monthly periods, accom-  
panied by excruciating pain, from the  
abdomen through the groin and thighs.

If you have mysterious pains, if there  
are indications of inflammation or dis-  
placement, secure a bottle of Lydia E.  
Pinkham's Vegetable Compound right  
away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will  
give you her advice if you will write  
her about yourself. She is the daugh-  
ter-in-law of Lydia E. Pinkham and  
for twenty-five years has been advising  
sick women free of charge.

Dear Mrs. Pinkham—

"I take the liberty to congratulate you on  
the success I have had with your wonderful  
medicine. Eighteen months ago my periods  
stopped. Shortly after I felt so badly that  
I submitted to a thorough examination by a  
physician and was told that I had a tumor  
and would have to undergo an operation.

"Soon after I read one of your advertise-  
ments and decided to give Lydia E. Pink-  
ham's Vegetable Compound a trial. After  
taking five bottles as directed the tumor is  
entirely gone. I have been examined by a  
physician and he says I have no signs of a  
tumor now. It has also brought my periods  
around once more, and I am entirely  
well."—Fannie D. Fox, 7 Chestnut Street,  
Bradford, Pa.

agement, it is not impossible that they  
will be left out in the cold. However  
that may be, Bisbee will be given a  
fair try at the tournament and if she  
wants any of the money will have to  
speak quick.

## A VALIANT OFFICER VISITING TOMBSTONE

Jeff Milton, who at present is con-  
nected with the immigration service  
at Nogales, is spending a few days in  
Tombstone as a witness before the U.  
S. Court on the case of a Mexican  
charged with smuggling a number of  
Chinese across the border in the vi-  
cinity of Nogales. Mr. Milton has  
not recovered the entire use of his  
arm that was injured in the fight that  
he had with train robbers at Fairbank  
several years ago and he is now in  
Fingered-Jack met his death and from  
whom the names of the entire party,  
and those of the Cochise band were  
learned.

roundtrip has been placed at \$55. Tick-  
ets will be on sale July 13, 14 and  
15, good until August 20. A large  
number of Elks from Bisbee, Cana-  
nea and Douglas are planning to make  
the trip.

## DENIES THAT THE KAISER INTENDS TO MEET CZAR.

COLOGNE, June 28.—The Gazette  
today prints an inspired Berlin dis-  
patch, denying that Emperor William  
will meet the Emperor of Russia this  
year, after the conclusion of the for-  
mal Norway trip.

## ROBBERS CAUGHT VIRGIN-ANDERSON

They Will Be Main Event at  
Douglas—Four Ball Teams  
in Tournament.

It has been definitely decided that  
the main event in the wrestling tourna-  
ment to be held at Douglas in the op-  
era house there on the night of July  
4 will be between Jack Virgin, the  
doughty little Tombstone miner, and  
A. Anderson, the whirlwind Swede,  
who so handsomely defeated Rasmussen  
here on the night of June 13.

While Virgin was once defeated here  
by Rasmussen, followers of the game  
claim that he was not then in his best  
form, having come direct from the  
mines without a day's training to go  
down to defeat at the hands of Ras-  
mussen. It is now claimed by his  
friends that he is in superb condition  
and will give Anderson a much warm-  
er argument than many look for.

Douglas sports had a newcomer in  
the wrestling ranks framed up for  
Anderson, but Stonehouse, who went  
to Douglas to look into the matter,  
found that he weighed 40 pounds more  
than the Swede, and took none of the  
game.

Stonehouse's refusal to give the New  
Yorker a chance was the result of the  
latter's insistence that he win the big  
end of the purse by throwing Ander-  
son once in one hour, two five-minute  
rests being allowed at regular inter-  
vals. Stonehouse thought this would  
be taking too much the worst of it,  
and balked.

The preliminaries have not as yet  
been decided upon, but there is plenty  
of available material that is sure to  
give the public a run for its money.

It is only a question of picking the  
best, and Manager Jimmie Stonehouse  
says that he will have a list of the  
preliminaries by Friday night.

Something not yet down on the bills  
is apt to happen, and if it does Sid  
Varney will be given the time of his  
life. Sid is after John Middleky, the  
slant Indian, who put it all over him  
here last spring. Varney has not as  
yet been able to arrange the match,  
definitely, but has the assurance of  
Middleky's manager that he will bring  
the big chief to Douglas if a certain  
amount is guaranteed. Varney thinks  
that he will be able to meet the terms  
of the Indian's manager.

Varney is saying little about what  
he expects to do with the Indian, but  
looks wise and smiles when he says  
that he expects to show the Indian  
a new thing or two that he has fig-  
ured out since their last match. Win  
or lose, the Indian will be a great draw-  
ing card for Douglas.

Instead of there being a three-cor-  
nered tournament among the ball  
teams of Douglas, Lowell and Bisbee,  
it is probable that El Paso will be  
added to the field. Owing to the arbi-  
trary stand taken by the Bisbee man-

## KNOCKED FROM A TRAIN BY BRIDGE.

EL PASO, June 27.—J. A. McCal-  
lum, a Santa Fe freight conductor, is  
in the hospital hovering between life  
and death as the result of an accident  
which occurred Saturday near La  
Jolia, on the Santa Fe.

McCallum was standing on the top  
of the caboose of his train looking  
backward, when the train came to a  
bridge. Without warning he was  
struck on the back of the neck by a  
brace of the bridge and hurled from  
the train. When picked up by the  
trainmen he was unconscious, and it  
was twelve hours before he regained  
his senses. Trainmen coming into  
El Paso from San Marcial, the mans  
home, state that he is in a critical  
condition, and doubt is expressed as to  
his recovery.

Mr. McCallum is several inches over  
six feet high. Heretofore trainmen  
have stood on top of the cars while  
trains crossed the bridge, but McCal-  
lum was several inches too high, and  
the accident may cost him his life. He  
is now in the Santa Fe hospital at Al-  
buquerque.
